

What is RideLakeCounty?

Ride Lake County offers residents a unique way to get around Lake County. Whether you need a ride for work, medical and dialysis appointments, or shopping, Ride Lake County offers an easy to use travel experience that is both affordable and flexible.

As a dial-a-ride program, Ride Lake County service is on demand, and buses do not travel in a fixed route each day. Instead, riders schedule their trips in advance and the Ride Lake County vehicle provides curb-to-curb service from the rider's desired pick up and drop off locations.

The program is a shared-ride service, so the vehicle may make additional stops during your trip to pick up other passengers. To accommodate multiple riders and provide as many trips as possible, the route taken by the vehicle is planned well in advance for efficiency purposes.

Go to medical appointments, shop, attend school, and access employment...
